Retired as Sr. Technical Director

Feb 2024

Sr. Technical Consultant, NICS

Sep 2025

VP — ARPR TechSol Pvt. Ltd.

PROFESSIONAL SUMMARY

Seasoned technology executive with 36+ years of distinguished service in Central Government through the National Informatics Centre (NIC), under the Ministry of Electronics & Information Technology (MeitY), retiring at the level of Senior Technical Director. Recognised for delivering landmark national ICT programs, 450+ citizen-centric digital services, and transformative e-governance solutions for Govt. of Delhi and beyond. Combines deep technical expertise with policy acumen and large-program delivery capabilities. Currently driving Government affairs, operations and Cyber Security infrastructure in the private sector.

PROFESSIONAL EXPERIENCE

Vice President — Government Affairs & Operations

ARPR TechSol Pvt. Ltd., New Delhi • Sep 2025 – Present

- Leading the project titled Supply, Installation, Testing & Commissioning (SITC) for provisioning of Cyber Security Infrastructure for CNS/ATM Systems installed at Delhi.
- Overseeing all Govt. of Delhi affairs, project governance, compliance and operations; primary liaison with government and aviation authority stakeholders.
- Aligning technical delivery with national security and aviation infrastructure mandates at the VP level.

Senior Technical Consultant

NIC Services Ltd. (NICS), MeitY • Feb 2024 – Aug 2025

- Led implementation of the e-Counselling project across universities and colleges in Delhi, enabling a transparent and seamless admission counselling process for students and institutions.
- Provided strategic advisory on ICT governance, system integration, and digital service delivery to Govt. of Delhi departments.

Scientific Technical Assistant → Senior Technical Director

National Informatics Centre (NIC), MeitY • Jan 1990 – Nov 2023 (33 Years)

- Joined NIC Haryana, Chandigarh (1990) as Scientific Technical Assistant; pioneered computerisation of Haryana State Budget and end-to-end Finance Department digitisation.
- Transferred to NIC Delhi (1998); led digitisation across Revenue, Health, Finance, Education and other major Govt. of Delhi departments.
- Coordinated development and deployment of 450+ online citizen-centric services for Govt. of Delhi, driving large-scale public service digitisation.
- Delivered key digital platforms for Govt. of Delhi — e-Litigation, e-District, e-Hospital, e-Office, e-Granthalaya & Covid-19 Management System (Delhi).
- Served as State Coordinator for Govt. of Delhi email infrastructure, official websites, VPN and Internet connectivity.

KEY ACHIEVEMENTS

- ★ Pioneered Haryana State Budget computerisation in the early 1990s — one of India's earliest state-level financial digitisation milestones.
- ★ Delivered 450+ citizen-centric digital services for Govt. of Delhi — including e-Counselling (Delhi universities & colleges), e-Litigation, e-District, e-Hospital, e-Office, e-Granthalaya and Covid-19 Management System (Delhi).
- ★ Stewarded complete Govt. of Delhi ICT infrastructure as State Coordinator — email systems, official websites, VPN and Internet connectivity across departments.
- ★ Recognised with national awards for developing scalable, replicable ICT solutions that set new benchmarks in e-governance and public service delivery across India.
